1. All Polish Consulates abroad have recently received instructions to make a census in their individual consular areas of Poles, Ukrainians and Jewish people who have families and relatives in Poland and the USSR.
2. [REDACTED] recently received a letter from his relatives in Poland informing [REDACTED] that they had been questioned by the Polish Secret Police regarding him; his relatives, however, were not molested in any way by the police. [REDACTED] is very disturbed by this and considers the incident as indicative that he is being included in the census-taking mentioned above. Because of this [REDACTED] is hesitating in carrying out his plan to return to Poland.
Washington Note: If [REDACTED] received such a letter, the fact that the Polish Secret Police are making such checks is not surprising, and is possibly true; however, it is doubtful that [REDACTED] could have received such a letter through Polish censorship.
3. Kostarski, acting Polish Charge d'Affaires in China, recently informed [REDACTED] of the instructions mentioned in paragraph 1, and asked [REDACTED] cooperation in taking the census. [REDACTED] however, believes that police power is being increased in Poland to such an extent that guarantees of local Polish officials would be of no consequence in Poland.
Washington Note: It is not clear to what "guarantees" [REDACTED] is referring.
4. New instructions for this census-taking were received by the Polish Legation in Nanking at about the end of August. Both Mr. and Mrs. Kostarski have been devoting most of their time to this work; this would indicate that the work is of considerable importance.
